

# HUMAN SERVICE WORKFORCE STUDY: YOUR VOICE IS NEEDED!

The human service workplace is changing. Some people see the changes as progress. Others see them as problems. The human service community wants to find out what you think!

Participate in a statewide survey about service delivery, practice, and working conditions in the human service sector. This is a survey by, for, and about human service workers.

We are partnering with the New York City Chapter of NASW, Human Service Council, United Neighborhood House, The Coalition of Behavioral Health Agencies. The New York Non-Profit Press (NYNP) is our media sponsor.

- Your participation is anonymous
- Takes about ½ hour
- You will have a chance to comment on critical changes in the human services sector
- Results can be used to advocate for change

*This survey is being conducted by Dr. Mimi Abramovitz, Silberman School of Social Work at Hunter College & Dr. Jennifer Zelnick, Touro College Graduate School of Social Work.*
