

Part-Time Employee H & S Plan Benefits

This flyer contains a summary of the DC 37 Health & Security Plan benefits currently available to part-time members and their covered dependents.

Most of these benefits also cover your legal spouse, domestic partner and children (called "dependents").

Your "children" are all your natural or adopted children, no matter where they live (if you are responsible for their support), and the children of your spouse or domestic partner who are living with you.

Effective July 1, 2011, your dependents (not their spouses or your dependent's children) will be covered for DC 37 Health & Security Plan's supplemental benefits (prescription drug, dental & optical) until the age of 26. These benefits will be available to your dependent(s) up to the end of the month in which s/he reaches the age of 26; regardless of whether or not: s/he lives at home, is declared as a dependent on your tax return, is in school, is employed (without benefits), or is married or unmarried.

You become eligible for the benefits described below as of your first day of employment, if you meet the required credited service hours in a job title covered by the DC 37 Health and Security Plan and once you have completed a DC 37 Health and Security Plan enrollment card. You must continue to work the required number of hours to remain eligible for benefits.

If you fulfill these eligibility requirements, you and your dependents will have access to the following part-time employee benefits:

Benefit	H & S Plan's Responsibility	Member's Responsibility	Who is Covered
Drug			Member & Eligible Dependents

The Prescription Drug benefit is available to the covered member and eligible dependents. Effective July 1, 2006, the following member co-payments are in effect:

Drug	30 days @ Retail Pharmacy	90 days @ Retail 90 Rx Pharmacy	90 days @ Voluntary Mail Order Pharmacy
Generic	\$ 5	\$ 15	\$10
Preferred Brand	\$15	\$ 45	\$30
Non- Preferred Brand	\$35	\$105	\$70

If you choose to obtain a brand name drug that has a generic equivalent, then you will be responsible for paying the difference between the brand name drug and the generic drug in addition to the appropriate co-payment. In no case will you be charged more than the cost of the medication. If a generic equivalent is not available, instruct your physician to prescribe a preferred brand name medication.

The Preferred Products List: Because of the escalating cost of the Prescription Drug Benefit, the Plan has instituted a Preferred Products List. The list identifies prescription drugs that can be used for virtually all illnesses and conditions and will meet the needs of all types of patients.

Rx Instep (Step Therapy): This program requires participants to try less costly and preferred medications for certain chronic conditions before trying more expensive drugs. This affects individuals whose physician prescribes certain medications for the first time. A list of the drug categories and the medications are available from the Plan office.

The Mail Order Program is a voluntary program designed for persons who have a long-term illness that requires maintenance type medication. You will save money because you get a 90-day supply of medication for the appropriate co-payment as opposed to a 90-day supply at a Retail 90 Rx pharmacy.

Annual Limit: The Annual Limit for the drug benefit is \$100,000 per cardholder, per calendar year.

Please note: Active employees of the Office of Court Administration and the State Rent Regulations Services Unit are not covered for prescription drug benefits through the DC 37 Health & Security Plan. Prescription Drug coverage is provided through the New York State Health Insurance Program (NYSHIP).

Periodontists on the DC 37 Dental Panel are allowed to charge members and covered dependents \$10.00 per quadrant co-payment for periodontal surgery.

Orthodontic services are not available under this plan.

Optical	Provide an examination and one pair of eyeglasses every two years, 100% of allowable amount.	The difference between the allowable amount and the actual charge	Member & Eligible Dependents

The DC 37 Vision Center, located at 115 Chambers Street in downtown Manhattan is available for use by members and their covered dependents who need eyeglasses. Members and their families may use the Center for the Standard Optical Benefit, which is available once every two years. The Supplemental Optical Benefit, which is available 12 months from the date that the Standard Optical Benefit was last used, is available **only** at the DC 37 Vision Center. This benefit consists of an eye examination and a change of lenses, if prescribed by the Vision Center's optometrist. Appointments must be scheduled in advance. Call (212) 766-4452.

The Plan maintains a list of participating optical providers where, upon presentation of an optical voucher, members can receive an examination and eyeglasses.
